Welcome

The seeds of Bainbridge Community Foundation (BCF) were planted decades ago. Today, we are grateful to stand on the shoulders of visionary leaders who believed in a community committed to giving back and caring for its neighbors. Our community has proven these leaders right.

BCF officially began its journey in 2001 with \$172,000 in the bank (see history detailed to the right). We are now positioned to analyze and address the broad needs of our community. At the close of 2021, we had awarded over \$19 million in grants since inception, and had grown to more than \$27 million in assets. Our grants, supporting more than 165 nonprofits, go towards art activities for seniors, mental health support for youth, nutritious meals for families in need, creating and maintaining island hiking trails, and so much more. We support impactful initiatives to fulfill local needs identified through BCF's Annual Nonprofit Survey—such as affordable housing, emergency funding for nonprofits in times of need, or financial support for youth extracurricular activities. We also have dedicated fund advisors who grant all over the nation and world to causes they care about deeply.

We envision a community where you can feel the vitality, not just through music and the arts, but in the classroom, on the hiking trail, at the market, and a hundred other places. We want to support a community where our citizens and organizations continue to meet real needs, and where our ties with and care for each other help define us. We also want a community where everyone feels welcome, and we are committed to regularly convening with nonprofit partners to discuss how to incorporate Inclusion, Diversity, Equity, Accessibility, and Social Justice (IDEAS) in our programs and services.

The level of support Bainbridge Islanders offered each other during the pandemic foretells our future. This community has demonstrated that it will do everything that needs to be done when the going is most difficult. We are a community that understands what is needed and promptly responds.

Bainbridge Community Foundation seeks to underpin each and every part of this collective adventure. Thank you for your ongoing support.

Celebrating 20 Years

Abbreviated History of the Bainbridge Community Foundation

1970s to 1990s The Trust Committee of One Call for All accumulated a number of illiquid assets, one which included the note on the Barber Shop on Winslow Way, among other pieces of property and stock shares.

Late 1990s The committee liquidated the assets and collected \$172,000. With those funds, the Trust Committee dissolved and established the independent nonprofit Bainbridge Island Community Endowment.

2001 to 2005 Bainbridge Community Endowment grew to \$2.5 million in total assets and rebranded as Bainbridge Community Foundation. In 2005, BCF started its first Annual Community Grants Cycle.

2006 to 2011 BCF hired its first two full-time staff members. By 2011, BCF had grown to \$6 million in assets and had granted \$3 million back to the community.

2012 to now The Foundation would eventually take on 3 more staff members and by 2021, it had grown to more than \$27 million in assets and awarded more than \$19 million back to the community since inception. We are proud to continue analyzing and supporting ongoing and emerging needs of our local nonprofits.

BCF Analysis: A View of Our Community

Gear for backpacking trip funded by Bainbridge Community Foundation

In 2021, BCF launched its inaugural **State of the Sector Report: A View of Our Community**, which provides:

- ▶ An analysis of our community using socioeconomic data from outside sources
- ▶ Results from BCF's Annual Nonprofit Survey, and how nonprofits help meet the needs of the community
- ▶ The role of BCF in supporting local nonprofits and the broader public

Socioeconomic Data

Some key takeaways from the report are highlighted here.

- ▶ The average age on the island is 50 years old, 52% of the population is female, and there has been 7.8% growth in 10 years with a population of 24,825.
- ▶ The average price of purchasing a home on Bainbridge Island—now over \$1 million—has almost doubled in the last seven years, and rentals in broader Kitsap County are up 60% over the same period of time.
- ▶ While Federal Poverty Rate is low on the island, when looking at the self-sufficiency standard—or how much it really costs to live here—it is unaffordable for a large number of individuals and families.
- ▶ Youth, seniors, and single women are among the most vulnerable age groups on the island.
- ▶ The groups hardest hit by the COVID-19 pandemic were those who were already financially vulnerable.

2021 State of the Sector Summary

Due to expected lags in data collection, charts reflect information from 2020 unless otherwise noted.

Cost of Living on Bainbridge Island

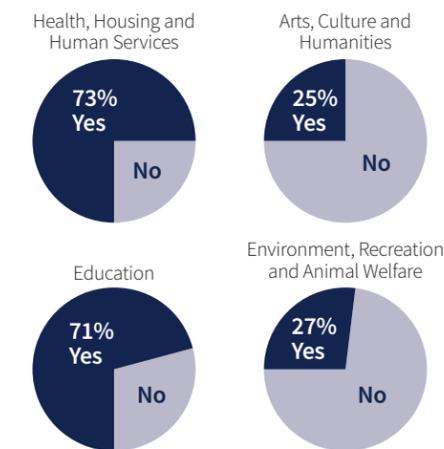

3.6%

of Islanders have incomes below the federal poverty level. While the Federal Poverty Rate on Bainbridge Island is lower than the Kitsap County poverty rate of 7.5% and national average of 10.5%, there is still a large number of individuals and families who are not earning enough income to live in our community.

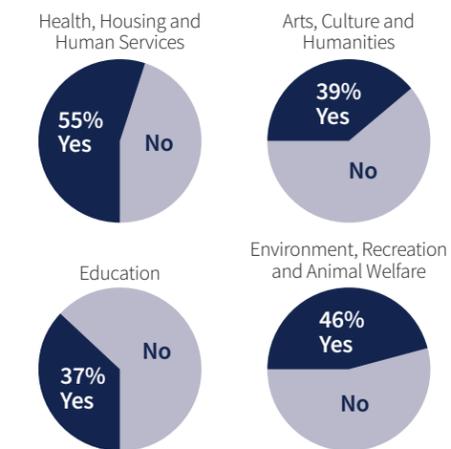

The Role of Nonprofits

Nonprofits touch every aspect of life on the island, whether it's by creating activities we all enjoy, supporting quality education for every student, or providing social services for our more vulnerable neighbors. BCF's Annual Nonprofit Survey gives us insight into areas of strength as well as challenges for local nonprofits. Overall, nonprofits in all sectors were remarkably resilient due to generous donors and creative leadership during the pandemic.

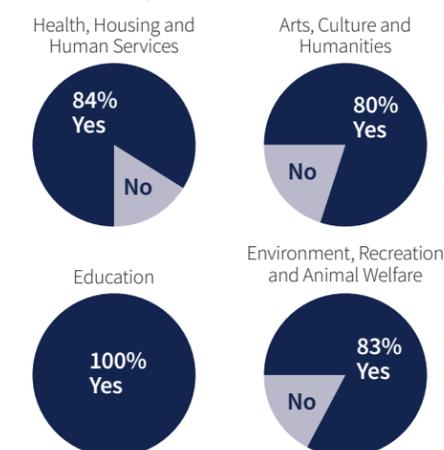

Was your nonprofit able to meet demand in 2020?

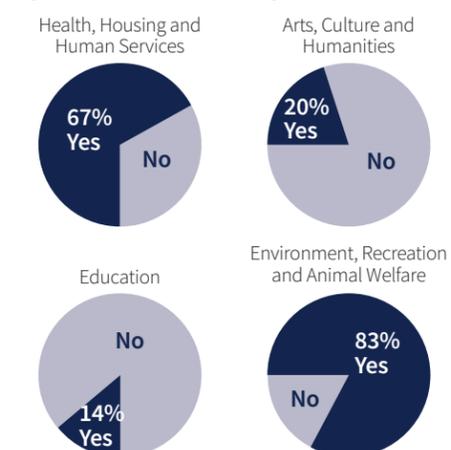

Do you plan to expand programs?

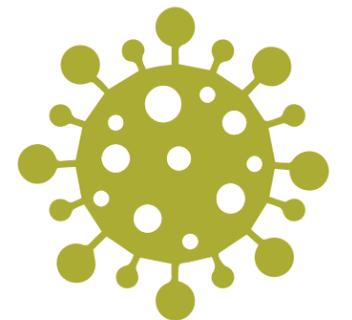

Did fundraising meet or exceed expectations?

Did your nonprofit undergo professional development in 2020?

Impact of COVID-19

57%

Percentage of nonprofits that reported a decline in revenue

73%

Percentage of nonprofits that changed programs due to COVID-19

Mental health, isolation, food insecurity, and family economic insecurity were identified as having the greatest impact on the programs or services provided by nonprofits.

Grantmaking Overview

It was a robust year of grantmaking for BCF. We continually responded to requests from the community during the course of the year—both emergency needs due to the pandemic and regular programmatic needs—and awarded grants to nonprofits on a regular basis so that they could support our broader Bainbridge community.

In 2021 alone, **586 grants** of all types totaling more than **\$2.2 million** were awarded to nonprofits supporting our community. Of this, more than **\$586,000 went towards COVID-19 relief.**

The total amount includes **437 Donor Advised Fund (DAF) grants** totaling more than **\$1.85 million**, which makes up the majority of the Foundation's grantmaking. Our fund advisors generally focus their giving to support local Pacific Northwest nonprofits, as well as supporting U.S.-based national nonprofits for causes they care about. BCF's cumulative grantmaking is now **\$19 million since inception.**

BCF was proud to award grants to the following organizations in 2021 through grant programs and donor advised funds.

Intergenerational family giving is when the entire family has the ability to give money to nonprofits of their choice. Fund advisors aim to involve their children starting at a young age so that they grow up to be philanthropists.

Funds with intergenerational advisors at BCF have supported a number of local nonprofits as well as national nonprofits such as Life After Hate, The Sentencing Project or the Transgender Law Center. This helps educate BCF on broader grant opportunities as well as gives the family a way to unite around philanthropic values.

BCF has implemented its Inclusion, Diversity, Equity, Accessibility, and Social Justice (IDEAS) principals across the entire organization. Within our grants structure, we adopted stronger policies around anti-discrimination and instituted a new anti-hate policy, while also awarded grants specifically to programs focused on IDEAS principals.

BCF's Annual Community Grants Cycle

Bainbridge Community Foundation's Community Grants Cycle (CGC) is an opportunity for island residents to support causes that matter most to them. Whether priorities lie in providing basic needs for neighbors, creating opportunities for traditionally underserved populations, addressing needs due to the COVID-19 pandemic, or supporting creative new initiatives in the arts sector, all types of donors contribute to the CGC because they care about the impact of local nonprofits.

In 2021, **47 volunteers** from the community reviewed **56 applications** to the CGC, and **52 of those proposed projects were vetted and approved**. BCF provided **\$50,000** in initial funding, and the rest of the support came from generous donors who gave at all levels. BCF was able to fund all 52 approved applications for a total of **\$422,589**.

Of the funded applications, **30** went specifically towards IDEAS efforts and **36** were awarded for COVID-19 support.

BCF's Shel Klasky Award (Trustee's Award), a special grant in memory of BCF's beloved board member, is presented in recognition of applications that are outstanding examples of collaboration and innovation. In 2021, the award went to Fishline Food Bank and Comprehensive Services for their proposal that exemplifies the impact of working together to support those at risk of homelessness.

BCF has launched its first Inclusion, Diversity, Equity, Accessibility, and Social Justice (IDEAS) Award this year that honors proposed projects focused on equitable access to programs and services for everyone. This year BCF presented this award to the Bainbridge Island Historical Museum for its exhibit "Our Community: Past to Present," which was a new primary exhibit about the Island's diverse history.

Community Grants Cycle History

Smaller Grants, Big Impact: Capacity Building Grants Cycle

BCF is one of the few community foundations in Washington State that awards capacity building grants for local nonprofits. Organizations apply to BCF's Capacity Building Grants Cycle because they want to grow their expertise in a particular area, such as developing a 5-year strategic plan or increasing volunteer effectiveness. BCF aims to help organizations improve their internal operations and be a resource for them to invest in their long-term growth.

“ While this work has infused the growth of the museum since its beginning, BIMA has deliberately focused on discussing Diversity, Equity, and Inclusion with our team these past two years. Now we are ready to share what we have learned. We thank BCF for this grant so we are able to deepen our commitment to our staff, volunteers, and Board. ”

– Sheila Hughes, Executive Director, Bainbridge Island Museum of Art (BIMA)

Area of Interest Funds

Area of Interest Funds are a way for BCF to ensure a special group of people or a specific cause is supported in our community, such as affordable housing or extracurricular activities for youth. They complement BCF's competitive grants programs to ensure we never miss out on providing help when needed. We then award grants from these funds to nonprofits that work in each of these areas.

A few of BCF's Area of Interest Funds are highlighted below.

Community Response Fund (CRF)

Through the CRF, BCF awards grants to nonprofit organizations for urgent health and human service needs, especially during natural or economic crises such as the COVID-19 pandemic. While fewer nonprofits applied to the CRF in 2021 than in 2020, BCF still awarded almost \$59,000 to local nonprofits that needed emergency assistance to continue supporting the community.

Youth Experience Support (YES) Fund

The YES Fund provides financial assistance to young people who may not have the resources to meet basic needs, achieve academic success, or pursue extracurricular activities. BCF's partnership with Bainbridge Schools Foundation, Bainbridge Youth Services, Helpline House and Bainbridge Island School District supports youth access to sports equipment, music lessons, dance lessons, registration fees, or similar needs.

During the 2021 calendar year, BCF distributed almost \$35,000 to the YES Fund, providing students access to these positive life experiences. Requests averaged around \$200.

IDEAS Fund

BCF created the Inclusion, Diversity, Equity, Accessibility, and Social Justice (IDEAS) framework to promote and support equal access to opportunities, programs, resources, and services for all. In 2021, BCF worked in partnership with local nonprofits to assess ways to improve IDEAS work in our community, and will use its IDEAS Fund in 2022 to support these initiatives.

The IDEAS Fund also distributed its first grant this year to the Bainbridge Island Historical Museum for an exhibit called "Our Community: Past and Present," which is a new primary exhibit about Bainbridge Island's diverse history.

Indipino Community of Bainbridge Island and Vicinity: Funding for Documentary (\$82,650)

In 2020, the Indipino Community of Bainbridge Island and Vicinity was awarded a grand total of \$82,650, greatly exceeding the original request of \$10,000. This uniquely Bainbridge grant enjoyed tremendous support and covered the amount needed to produce a documentary about Indipinos, or the descendants of Indigenous mothers and Filipino immigrant fathers. The documentary tells their stories through the voices of their adult children—many of whom still live on Bainbridge Island—and shares their lives, losses and legacies. The documentary has enjoyed widespread acclaim and greatly increased awareness about the stories of Indipinos and their families both locally and nationally.

"The film depicts the challenges of growing up on Bainbridge mixed-race and facing racism within our own community, schools and other institutions. This dialogue is important as it will give both students and teachers a deep insight into the history of the Indipino community, socially, culturally and politically."

“ Thank you so, so much for this scholarship! It means a lot to have community involvement reach so far in my life. I have a strong focus on giving back to the community, and strive to find ways I can use my skills to improve my surroundings. ”

— Recipient of 2021 Erin O'Brien Mead Memorial Scholarship

BCF Programs

Each year, BCF has hosted a number of public presentations as well as nonprofit education programs on a variety of topics. Each program is intended to help further knowledge and understanding of issues such as financial literacy or accessibility for everyone in our community.

The programs from 2021 are highlighted below.

PUBLIC PROGRAMMING Financial Education Series

Financial literacy is empowering—yet good, practical education about financial management is too often out of reach for people, especially those with limited incomes. On behalf of BCF, former Board Member Paul Merriman organized five free virtual events with speakers who are nationally renowned experts in their fields in order to help educate our community on how to better plan our financial futures. These events targeted all ages and levels of financial literacy, including youth, first-time investors who are still in the workforce, and those who have just entered retirement. All five events were recorded and are available on BCF's website.

NONPROFIT EDUCATION Training for Nonprofits

In BCF's Annual Nonprofit Survey, nonprofits identify specific areas in which they feel a need to increase expertise—and BCF responds by hosting a training on those topics. In 2021, BCF conducted the following trainings:

- ▶ **Accessibility Training:** BCF hired expert Elizabeth Ralston, Founder of the Seattle Cultural Accessibility Consortium, to present on practical steps to make programs and services more accessible for people of all abilities.
- ▶ **CO:Lab:** Organized three sessions with facilitator David Marzahl, Executive and Leadership Coach, who focused on giving nonprofit executives a chance to momentarily step out of their leadership roles and talk about how to work together to serve our community.
- ▶ **Fundraising Basics:** Hosted a presentation by Brittany Kirk, Nonprofit Grantwriter, Fundraiser, and Strategist, followed by a discussion on the basics of fundraising.

Humanitarian Award

The COVID-19 Vaccination Effort

From December 23, 2020 to December 31, 2021, over 37,000 doses of the COVID-19 vaccine were administered at 88 clinics due to coordinated Bainbridge Island effort. Over 600 volunteers dedicated more than 37,000 volunteer hours including home visits and a mobile clinic that provided vaccinations to more vulnerable populations in Kitsap and Jefferson counties. This immense effort didn't happen overnight. Over the course of days, weeks, and months, a network of local nonprofits, agencies, and companies united forces to create one of the most efficient and impactful volunteer vaccination efforts in the region.

Bainbridge Community Foundation recognized this incredible work with its Humanitarian Award at its Philanthropy Celebration on November 4th. BCF also created a short film about this remarkable effort, which is now available to watch on BCF's website.

BCF hired Charles Poekel, a local award-winning film producer, to create a short film on the Bainbridge Island vaccination effort, available at www.BainbridgeCF.org

“I never want anyone to forget how lucky we are to be in this community with partnerships like this. My entire career has been focused on collaboration, and this was by far the best example of collaboration and coalition-building I have ever seen. I have never seen the depth and breadth of what we have here in our community.”
– Anne LeSage, Emergency Management Coordinator, City of Bainbridge Island

Island Volunteer Caregivers: Funding for Hospital 2 Home Program (\$11,500)

Island Volunteer Caregivers (IVC) works within the community to support life-enriching connections between caring people, seniors, and people with long-term or temporary special needs. BCF supported the Hospital 2 Home program, which is a program focused on reducing hospital readmissions by improving compliance, reducing stress, and providing reassurance and safety for isolated and vulnerable individuals. While the program faced a variety of challenges due to the pandemic, IVC reported that their care receivers had decreased feelings of isolation, and that 98% of care receivers said they felt supported and reassured by phone check-in calls.

“One individual shared that they ‘found a lifeline’ by connecting with the Hospital 2 Home program. Meals, groceries and prescriptions were delivered by volunteers as needed. Volunteer transportation was also provided ensuring that participants were able to make it to critical medical appointments.”

– Island Volunteer Caregiver 2020 Final Report

2021 BCF Supporters

Thank you to all of the generous contributors to BCF in 2021. We could not have accomplished any of this without your support.

Spotlight Story: Jeanne and Evgeniy Goussev Fund Advisors Making a Difference in Our Community

“I had fallen in love with everything our nonprofits are doing in our community, and I just needed a way to take a more organized approach towards giving back.” Jeanne and Evgeniy Goussev opened a Donor Advised Fund (DAF) with Bainbridge Community Foundation in 2018. She described opening a DAF as a way to be more strategic and thoughtful in her philanthropy.

When COVID-19 landed on Bainbridge Island, Jeanne and Evgeniy sat down with their children to make a family decision about how to use the money in their DAF in the most effective way possible. Their conversations were not only a centralized way to talk about giving in their family, but it also helped them work with BCF to better understand how to support local nonprofits during the pandemic.

As Jeanne described her DAF, “It’s the fun part. I love being engaged with everything I care about. Giving back to the community creates happiness, and it’s so wonderful to be a part of something bigger than regular everyday life. It’s empowering, and it feels good.” BCF is beyond grateful for all of its Fund Advisors and the critical role they play in supporting our community. Contact us today to learn more!

Legacy Giving Red Cedar Council: Gifts in Your Will or Trust

The Red Cedar Council, a special group of visionary donors who partner with BCF, help to support the long-term needs of Bainbridge Island. You can become a member of the Red Cedar Council by including a gift to BCF in your estate plan or by creating a permanent fund – and BCF becomes the champion of your charitable interests when you are no longer here. BCF’s stability and connection to the community ensures that you can name local nonprofits in your will and be confident that your gift will support the needs you have identified, allowing you to make a bigger impact and leave the legacy you imagined for your community.

Every February, BCF hosts a Red Cedar Council luncheon where members share a meal and discuss their vision for the future. While enjoying the scenic gardens of Heyday Farm, we ask guests to reflect on their hopes for this community. The conversation always generates a level of familiarity and intimacy that only this type of group could create. In 2021, the Red Cedar Council luncheon was hosted virtually and lunch delivered from Heyday Farm.

Investment Corner

BCF concentrates its investment portfolio toward socially conscious, values-driven investing. Approximately 90% of BCF's assets are steered toward companies and sectors showing strong environmental and socially responsible characteristics – an evolving strategy often referred to as "Impact Investing." The remaining 10% of assets are in cash and other non-impact strategies.

In 2021 BCF managed more than \$27 million in assets, investing donations for long-term growth and returning funds to the Bainbridge community through an array of grants and programs. The Foundation also manages various donor advised funds as vehicles for private charitable giving.

A portfolio invested using impact strategies might, for instance, be directed toward renewable energy, environmental, housing or other nonprofit or service industries that promise positive social, not just financial, returns. BCF is further gaining value from these investments by ensuring that 75% of the portfolio is invested in predominantly passive, low-cost stocks and bonds.

2020 Community Grants Cycle Final Report Highlight

Bainbridge Island Museum of Art: Funding for PRISM (\$10,000)

Bainbridge Island Museum of Art (BIMA) hosts art exhibits with a focus on artists and collections from the Puget Sound region. BCF's grant supported PRISM, which is BIMA's cultural catalyst to deliver intimate, curated performances, presentations, and cultural celebrations that explore the personal connection between artist and audience. While PRISM's benefit of gathering people together could not be realized due to the pandemic, BIMA switched to a digital platform and produced over 250 videos and virtual programs.

"While the projected outcomes may not have come to be, our goals for 2020 exceeded our expectations in so many ways. Know that BCF's critical support is appreciated and used in the wisest and most cost efficient ways possible to benefit our community."
