## Community Grants Cycle

# Meet our 2022 Grant Recipients!

Photo credit: Bainbridge Island Parks Foundation

Bainbridge Community Foundation's Community Grants Cycle (CGC) is an opportunity for island residents to support causes that matter most to them. Whether priorities lie in providing basic needs for neighbors, creating opportunities for traditionally underserved populations, addressing needs due to the COVID-19 pandemic, or supporting creative new initiatives in the arts sector, all types of donors contribute to the CGC because they care about the impact of local nonprofits.

This year, 50 volunteers from the community reviewed 61 applications to the CGC, and 60 applications were funded after being fully vetted and approved. BCF provided \$50,000 in initial funding, and the rest of the support came from generous donors who gave at all levels. The total amount awarded this year was a **record-setting \$561,492**, greatly exceeding the previous high mark of \$507,313 awarded in 2020.

The program has awarded a total of **\$3,928,945 for 818 local grants** since it began in 2005, providing support for specific programs, capital projects, as well as general operations of local nonprofit organizations.

## How the Community Grant Cycle Works

Bainbridge Community Foundation invites nonprofits and programs servicing the Bainbridge community to apply for funding through our annual Community Grants Cycle (CGC) to support the projects which will help them achieve their mission. Each organization was also screened for financial health and current nonprofit status. Sixty proposals were funded for a total amount of \$561,492, which was a significantly higher number than the total amount requested at \$525,272.

This year, five organizations received **BCF’s Inclusion, Diversity, Equity, Accessibility, and Social Justice (IDEAS) Award**. While 32 of the 61 applications identified their applications

as related to IDEAS work, the five organizations recognized are at different stages in their IDEAS journey and are making extra efforts to make their programs and services accessible. The organizations that received the awards were **Bainbridge Artisan Resource Network (BARN), Kitsap Immigrant Assistance Center (KIAC), Peacock Family Services, Vitalize Kitsap,** and **WEAVE Presents**. BCF distributed a total of \$10,000 in BCF IDEAS awards.

BCF also awarded its inaugural **Catalyst Award** to **Bainbridge Youth Services (BYS)**, or an additional \$11,000 to nearly double their grant for a total of \$24,000, to support their work in providing free, confidential, and professional mental health counseling and related services for adolescents. A recent rise in mental health concerns in both youth and adults due to the pandemic have deemed their work as critical to our community.

BCF’s **Klasky (Trustees’) Award**, a special grant in memory of BCF’s beloved board member, is given in recognition of applications that are outstanding examples of collaboration or innovation. This year the \$10,000 award went to **Bainbridge Prepares** to support their request for 13 Disaster Hubs in strategic locations around Bainbridge Island to ensure emergency supplies are accessible to everyone when a disaster occurs.
