Welcome!

This annual report highlights the work of Bainbridge Community Foundation in 2019, even though our community, state, nation and world face an epic health crisis as we are writing this. Our hope is that when you read this account of BCF’s work, the global pandemic will abate soon. We will all have our work cut out for us to address the immense challenges that follow. Helping the local nonprofit community recover from the COVID-19 pandemic will be our priority for some time to come. Our nonprofits are indispensable for providing basic human services and advancing the quality of life on this island, and they have suffered varying degrees of economic hardship with the pandemic and shelter-in-place order. We are drawing strength from the important partnerships that flourished in 2019 to support nonprofits through this time of crisis, and will continue to help them regain momentum once it is over.

In this report, you will see that 2019 was a banner year for Islanders to support its nonprofit sector. The assets of the Bainbridge Community Foundation grew to over \$16 million, the highest point in the history of our young organization. Islanders started 11 new donor advised funds, also the highest single year in our history. These considerable charitable assets provide a base from which we can move forward.

Likewise it was a record setting year for our grant programs. BCF’s Community Grant Cycle awarded 51 grants totaling \$321,823 to nonprofits serving Bainbridge Islanders in arts and culture, animal welfare, education, environment, health and human services, and recreation. BCF’s annual Capacity Building Grant program also awarded \$16,350 to 14 organizations.

In 2019, BCF played a key role in two other initiatives that demonstrated how our community will come together to meet challenges that have now emerged. We provided the fundraising backbone for Housing Resources Bainbridge to speedily raise the necessary resources to save the affordable housing at 550 Madison. We created a new partnership between Bainbridge Youth Services, Helpline House, Bainbridge Schools Foundation and BCF to eliminate financial barriers for students. This "YES" (Youth Experience Support) Fund guarantees that no student will be left out of a school activity because of inability to cover costs.

In both cases, we identified unique challenges the Island has faced, and moved quickly to address them.

As we wrapped up the year, we celebrated the retirement of Lynn Agnew and David Moen. In early 2020, we welcomed Brooke Rufo-Hill and Hart Williams to the board.

With monumental work ahead of us all, we are proud of our resolve and our ability to do just that in the year ahead.

David Harrison,
President of the Board of Trustees

Jim Hopper,
Executive Director

UNDERSTANDING OUR ISLAND

Bainbridge Island is undeniably beautiful, surrounded by clear water and distant snow-capped mountains. But many Bainbridge Island residents move to the island for more than a pretty view and quiet neighborhood—many report they came to the island for its quality of life and its sense of community. According to the 2017 National Citizen Survey, 97% of Bainbridge Island residents who participated in the survey rated the city as an excellent or good place to live, and 93% rated it highly as a place to raise children. The most highly rated categories were the island's quality education and its community engagement.

Bainbridge Island residents are able to maintain a high quality of life primarily because of its vibrant nonprofit sector. Nonprofits that focus on health and human services, education, animal welfare, arts and recreation, and the environment strengthen our sense of community by providing critical services and representing the voices of the people they serve.

POSITIVE CHARACTERISTICS OF BAINBRIDGE ISLAND

*Data collected from 2017 National Citizen Survey

2019 NONPROFIT TRENDS

The impact of a changing Seattle—higher cost of living, affordability issues, changing demographic—are all having a correlative impact on Bainbridge Island

Lack of affordability is a big challenge for nonprofits, from attracting and retaining staff, to assisting clients, to expansion of capital goals, the resources of the organizations do not go as far as they once did.

Across all sectors, volunteers are paramount, but the demand for more professional skills among these volunteers is very high.

Integrating social justice (diversity, equity, and inclusion) is stated across all sectors.

Each spring, Bainbridge Community Foundation gathers together local nonprofit leaders to ask them how we can support their work. As the needs in our community change, so do our priorities—and we use this information to guide the development of our programs and annual grants.¹

¹ This survey took place in 2019, and therefore provides data prior to the COVID-19 pandemic.

ARTS, CULTURE & PUBLIC BENEFIT

The arts, culture and public benefit nonprofits serving Bainbridge Island seek to **INCREASE COLLABORATION AND THE PROFESSIONALIZATION OF ITS VOLUNTEER BASE** in an effort to cement the Island's identity as a cultural hub. Demand was up for most services, and **LOW-INCOME INDIVIDUALS AND YOUTH FIND IT HARDEST TO ACCESS PROGRAMS**. Twenty-three percent of respondents could not meet demand in 2018, down from 40% in 2016, and most commonly nonprofits described they faced physical space constraints. Having enough volunteers is also a key issue

that threatens organizations' ability to meet demands.

MOST COMMON ISSUE?
SPACE CONSTRAINTS

EDUCATION

Education nonprofits seek **TO HELP YOUNG PEOPLE CREATE HEALTHY, WELL-BALANCED LIVES** and to increase the connection of young people to the community at large. Outside of the public school environment, **FINANCIAL AFFORDABILITY IS THE PRIMARY BARRIER TO ACCESSING EDUCATIONAL PROGRAMS**. For the third year in a row, fewer organizations reported experiencing an increase in demand for services. Seventy-five percent of respondents were unable to meet demand for services.

3RD YEAR IN A ROW
FEWER
ORGANIZATIONS REPORTED AN INCREASE IN DEMAND

HEALTH, HOUSING & HUMAN SERVICES

Health, housing and human service nonprofits have the primary goal of **IMPROVING COMMUNICATION AND COLLABORATION AMONG**

THE SECTOR, and working together to combat the affordability issues among clients. **YOUTH WERE RECOGNIZED AS THE MOST DIFFICULT DEMOGRAPHIC TO REACH FOR SERVICES**, and transportation is one of the most significant barriers to those seeking help. Eighty-five percent of respondents indicated a slight increase in demand for services, while 67% were able to meet demand.

MOST DIFFICULT DEMOGRAPHIC TO REACH FOR SERVICES?
YOUTH

ENVIRONMENT/ ANIMAL WELFARE & RECREATION

BIGGEST CHALLENGE?
89%
SAID FUNDRAISING

Environment, animal welfare and recreation nonprofits had the top priorities of **WORKING TOGETHER TO EDUCATE THE PUBLIC AND DEVELOP NEW PARTNERSHIPS**. Fundraising was recognized as one of the biggest challenges among 89% of respondents. All reported an increase in demand for services, and 75% were able to meet demand in 2018. **GOALS FOR EXPANSION INCLUDE INCREASING THE NUMBER OF VOLUNTEERS**.

We are thrilled to report that 2019 was a fantastic year for Bainbridge Community Foundation grantmaking! A record 391 grants of all types were awarded, totaling \$1,395,319. All grants are awarded to 501(c)(3) nonprofit organizations, schools, or government entities as guided by the IRS.

This figure includes 309 Donor Advised Fund (DAF) grants totaling \$839,987. DAF grants make up the majority of the Foundation's grantmaking. Our fund advisors concentrate the majority of their giving to support local Pacific Northwest nonprofits. Many also give to a variety of national nonprofits as well.

Through our annual competitive grant cycle, the 2019 Community Grant Cycle awarded 51 grants for a record-breaking \$321,813. The grants were awarded to nonprofits serving Bainbridge Islanders in arts and culture, animal welfare, education, environment, health and human services, and recreation. Our average grant size grew to \$6,310, an increase of more than \$1,600 in two years. In total, the Community Grants Cycle has awarded \$2.43 million in local grants since its launch in 2005.

The annual Capacity Building Grants Cycle supports organizations that are actively striving to improve the efficiency and efficacy of their work by investing in core operations. In 2019, the Foundation awarded a record \$16,350 in grants ranging from \$500 to \$1,500 to fourteen local nonprofit organizations. It was the most recipients awarded and the largest amount granted in the history of the program.

We were also pleased to award college scholarships, improving the lives of promising young members of our community. In 2019, we awarded 9 scholarships, totaling \$20,500. To date, we have distributed \$211,000 in scholarship funding.

The Foundation also awarded over \$300,000 to Housing Resources Bainbridge for affordable housing efforts of the "Save 550 Madison" campaign to help ensure a diverse and thriving community.

Together, that brings BCF's cumulative grantmaking to more than \$14.5 million since inception.

Thank you for investing in our shared community through your kindness, dollars, guidance, and commitment to the Foundation and our nonprofits.

2018 COMMUNITY GRANTS CYCLE HIGHLIGHT

Funding from BCF helped us save the lives of more animals and supported specific needs in our community. Our Low-Cost Spay/Neuter Program provides an essential service to thousands of households each year. Without it, these pets would likely remain unaltered and contribute to pet overpopulation. Our Foster Care Program is a critical life-saving program; it additionally provides meaningful and rewarding volunteer opportunities to hundreds of people every year."

KITSAP HUMANE SOCIETY | AMOUNT FUNDED: \$9,500
The Kitsap Humane Society's mission is to provide positive life changing solutions to people and animals in need. BCF supported their affordable spay and neuter program for low-income households as well as the foster care program. The grant helped support a record 5,753 surgeries of which 2,366 were provided at a low cost, and also helped place 1,225 of the most vulnerable pets in the foster program. Additionally, 2,298 pets were removed from overcrowded shelters and placed in homes in Washington State and other parts of the country.

2018 COMMUNITY GRANTS CYCLE HIGHLIGHT

Successful students have confidence, a belief that hard work pays off, and hope about the future. Students with these attributes are more likely to become teens and young adults who have a positive (rather than negative) impact on the community. What's more, these academic support programs bring equity to our schools, giving every student an equal chance to thrive. The funding that BSF provides to support struggling students DOUBLES the amount our school district would otherwise be able to provide."

BAINBRIDGE SCHOOLS FOUNDATION | AMOUNT FUNDED: \$5,865

Bainbridge Schools Foundation aims to raise funds, leverage resources, and act as a catalyst to involve the community in public education. Bainbridge Community Foundation's grant provided academic support to all grade levels for struggling students in the Bainbridge Island School District. The grant enabled BSF to add more hours for the Reading Specialists at the elementary school level, as well as provided staff after-school tutoring programs for middle and high schools.

Capacity Building Grants

During 2019, BCF awarded a record dollar amount and number of Capacity Building Grants totaling \$16,350 to 14 area nonprofits (including grants to four new applicants), helping each organization strengthen and improve internal operations. Awards ranged between \$500 and \$1,500.

BCF's Capacity Building Grants cycle focuses on building an organization's internal capacity around such things as administration, governance, planning, and fundraising, in order to help strengthen that nonprofit. During seven years of grantmaking through this program, BCF has awarded over \$62,400 to 29 different organizations.

Our thanks to the following 2019 Capacity Building Grants Cycle funding partners for helping make this year so successful: 1066 Fund, Steven & Harriet Davis Fund, Hilderman Family Fund, Hillside Fund, Jicana Fund, Bob & Judy Karr Family Fund, Laugh, Cry, Dream, Read Fund, Peters Fund for A Sustainable Community, and Saber Fund.

2019 OUTSTANDING BAINBRIDGE PHILANTHROPISTS

Over the course of their thirty-two years on Bainbridge, Glenn and Nancy have built a community of creative friends who share their love of Bainbridge's natural surroundings. For years, the Haber family included their children in supporting as many as 70 Island organizations through the Fletcher Bay Foundation. These included Bainbridge Performing Arts, Bainbridge Historical Museum, and Bainbridge Island Museum of Art. Their decision five years ago to sunset the Foundation gave them the opportunity to focus on key projects that will have a lasting impact on Bainbridge Island. These include the creation of the Moritani Preserve in Winslow, the Community Programs Endowment at IslandWood, and a significant challenge grant to the Bainbridge Island Land Trust's Stand for the Land Campaign. These projects encourage a collaborative effort to accomplish the goals of the programs they have supported for so many years.

HOMESTREET BANK

2019 OUTSTANDING PHILANTHROPIC COMPANY

Homestreet Bank opened on Bainbridge Island in 2014. From the beginning, the bank invested a thoughtful plan of community engagement. In addition to being a sponsor of many Island organizations, including the Bloedel Reserve, Bainbridge Island Historical Museum, Bainbridge Island Museum of Art, and Bainbridge Arts and Crafts, the bank and its leadership have a philosophy of deeply engaging in the work of the organizations it supports. This includes Housing Resources Bainbridge, where the bank is not only a financial sponsor, but the Bank Manager, Linda Lincoln, sits on the Board of Directors. Homestreet is also active in the work of the Rotary Club of Bainbridge Island and the Bainbridge Island Chamber of Commerce in supporting community events like the Grand Old Fourth.

MARGARET COULTER, STUDENT, THE ISLAND SCHOOL

2019 OUTSTANDING YOUNG PHILANTHROPIST

Curious about protecting land from development, Margaret and her mother met Bainbridge Island Land Trust staff to learn more about the organization's work. After meeting with the head of school and her teacher, Margaret organized a read-a-thon and math-a-thon for the second through fifth-graders at school. The students began by collecting pledges from family and friends. In February, they got to work reading and solving math problems to cash in on those pledges. When complete, Margaret proudly presented a hand-drawn check for \$3,502 for the Stand for the Land Campaign, which will be used to save even more forests, streams, shorelines, and wetlands.

“ I established the Warren W. Bell Family Fund at Bainbridge Community Foundation because it was important to both of us that we give back to our communities. Warren was always very interested in this community and cared a lot about so many nonprofits here. By establishing a Donor Advised Fund in his name, it is a way he can continue to be involved.”

“ We're very fortunate to have a community foundation on Bainbridge. In addition to providing substantial and timely financial support to our vital nonprofits, BCF looks for ways to make our nonprofits stronger and more effective through information and collaboration.”

— Dana & Nancy Quitslund, Leadership Circle

YES Fund Spotlight

“The Bainbridge Schools Foundation is thrilled to partner with BCF to support our students with the YES Fund in our Bainbridge Island public schools. This fund provides financial support for our older students in a discreet and meaningful way. The YES Fund can help with the burden of fees for sports, classes and student activities as kids navigate their high school years. More than 120 kids are benefiting from BCF's generous donors who are investing in the YES Fund this academic year. Looking forward, we know that there will continue to be unmet needs that the YES Fund can fulfill in the future for hundreds of middle and high school students.”

-Allyson Brown, former BSF Executive Director

In 2019, we developed a partnership among Bainbridge Community Foundation, the Bainbridge Schools Foundation, Bainbridge Youth Services, and Helpline House called the Youth Experience Support (YES) Fund to help support students manage stress. When a student is identified as needing additional help, a quick and confidential application process through the YES Fund gives him or her access to funds or services that he or she needs. Positive educational, recreational, and extracurricular activities can make all the difference in the lives of young people—and sometimes relieving even a minor financial barrier can open the door to participation in meaningful activities. Any family experiencing a temporary crisis will also have access to Helpline's suite of services as well. The need for the YES Fund was identified at a gathering of community volunteers, many of them active parents, school administrators, and nonprofit professionals who had first-hand knowledge of the need to provide a fast and easy help to young people. Bainbridge Community Foundation is currently piloting two years of funding for the YES Fund, thanks to the generosity of Stephen & Karen Hall, Kelly Webster, and other donors who have committed funds to the pilot. We hope this pilot will lead to Bainbridge Island always saying “yes” to kids when they need help.

“We love Bainbridge Island! When we are no longer here, we want to help the organizations that are devoted to keeping our island the special place it is. We have chosen the Bainbridge Community Foundation to manage our legacy gifts as they are the only organization that is devoted to supporting all the nonprofits and the needs of our community.”

—Paul & Zan Merriman, Red Cedar Council

Legacy Giving

RED CEDAR COUNCIL

GIFTS IN YOUR WILL OR TRUST

The Red Cedar Council is a special group of thoughtful and visionary donors who partner with BCF in helping ensure a healthy and sustainable future for the Bainbridge community. Their permanent funds, bequests, life income gifts, lead trusts, and other planned gifts provide a valuable pipeline of future support for generations.

We encourage you to become a member of the Red Cedar Council by creating a permanent fund or by including a gift to BCF in your will or estate plan. In recognition of your partnership and generosity, you will enjoy the following benefits:

- A relationship with the Foundation and other donors during your lifetime.
- Satisfaction in knowing your legacy will make a difference in your community for years to come.
- Recognition in newsletters and annual reports, unless anonymity is desired.

- Invitation to the annual Red Cedar luncheon, the Philanthropy Celebration and other special donor events.

Including a gift to Bainbridge Community Fund (BCF) in your will or trust is a permanent statement of your values and enables you to create a meaningful legacy without impacting your current financial security. A charitable bequest is also your way of helping ensure that the causes you care about or volunteer for during your life will be supported and sustained even when you are gone. Your gift to BCF also entitles your estate to a charitable estate tax deduction.

In 2019, the Red Cedar Council grew to include 32 households many of whom joined for the 2nd annual Red Cedar Council BCF luncheon at Heyday Farm.

BAINBRIDGE COMMUNITY FOUNDATION IS A FOUNDING PARTNER OF LEAVE10 KITSAP, A REGIONAL INITIATIVE TO IMPROVE OUR COMMUNITIES BY ENCOURAGING PEOPLE TO LEAVE A GIFT TO CHARITY IN THEIR WILL OR ESTATE PLAN. LEARN MORE AT WWW.LEAVE10.ORG/KITSAP.

Investment Corner

BAINBRIDGE COMMUNITY FOUNDATION

Bainbridge Community Foundation (BCF) counts the stewardship of its financial resources among its top priorities. We expect to operate in perpetuity and our funds, as appropriate, must be invested for the long term. As such, BCF invests the majority of its resources in socially-responsible or "social impact" investment vehicles. Our foundation recognizes the importance of following coordinated policies and practices regarding spending and investments that will protect the principal of these assets and produce reasonable total returns.

BCF’s investment committee is comprised of trustees with investment knowledge and expertise who work to grow the foundations assets, protect the capital, and maximize income from these assets commensurate with safety of principal. Today, our assets exceed \$16 million and we have granted out more than \$14 million since 2001.

ASSET MANAGEMENT

In the spring of 2018, Bainbridge Community Foundation began working with Tiedemann Advisors investment advisors. Tiedemann Advisors strong roots in the Pacific Northwest, initially operating as Threshold Group, the Russell Family Office, of Russell Investments, based in Gig Harbor and Seattle since 1998. Threshold Group merged with Tiedemann Advisors at the end of 2017, as they are now able to call upon the breadth of resources of a \$20 billion, 130-person national team to better serve BCF.

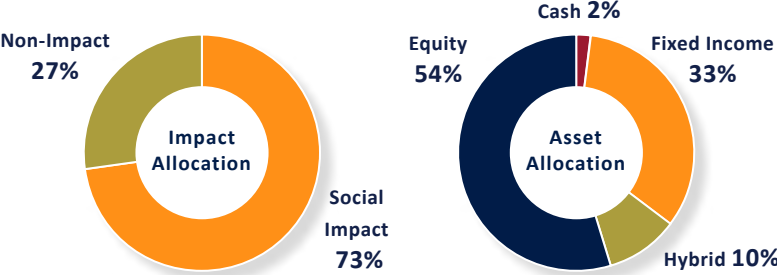

Bainbridge Community Foundation has two investment pools: a **Growth Pool** (60/40) which is largely comprised of endowed and quasi-endowed assets, and a **Balanced Pool** (50/50) which is comprised predominantly of non-endowed Donor Advised and other funds.
